

# Save Time, Ensure Accuracy

Indirect Connect™ provides an electronic connection between the loan originator(s) and your Symitar system. Applications can be processed with the click of a button, eliminating unnecessary data entry, saving time and ensuring accuracy.

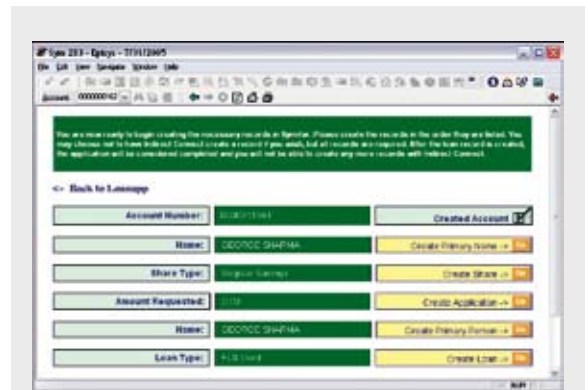

Plus, there's no need for a SymConnect license or expensive hardware since Indirect Connect™ completely integrates with Episys for Windows.

## Use Indirect Connect™ to create:

- Accounts
- Notes
- Names
- Tracking records
- Shares
- Share names
- Loan applications
- Loans
- Loan names
- Loan pledges
- Other custom records

## Indirect Connect™ benefits include:

- Direct connection that eliminates unnecessary data entry, saves time, and ensures accuracy
- Program that fully integrates into Episys and MCW and eliminates the need for a SymConnect license or expensive hardware
- Ability to create customizable records according to the CU's needs

The final application processing screen allows you to quickly create all of the necessary records for the application you are processing.

## Indirect Connect™ System Requirements

- Server (Windows, Linux, Unix)
- MySQL Server (Free Download)
- Perl (Free Download)
